

Special Advice For 4WD Guests

Effective from 30 June 2022

We are excited about your 4WD adventure and want it to be fun and safe.

Please read the following safety guidelines carefully:

- » Always drive within your capability.
- » Allow extra time to get to your destination and travel short distances.
- » Do not drive between dusk and dawn when wildlife is most active.
- » Adjust gear range to suit conditions.
- » Take a break every 2hrs.
- » Slow down for any blind corners and hill crests as off-road terrain can be unpredictable.
- » Stay on tracks and share remote travel routes with local authorities.
- » Observe Apollo's safety information.
- » Don't take unnecessary risks or endanger your passengers and other road-users.
- » At all times remember your responsibilities. If you need assistance in restricted areas, additional costs may be incurred.
- » At certain times adverse weather and road conditions can result in travel restrictions being enforced. We encourage you to contact Apollo Assist on 1300 798 212 if you have any concerns about the area you are planning to drive through. Alternatively the police or local authorities are also able to help.
